

# Shoal Bay Mulch – For all your gardening needs

## About Us

Shoal Bay Mulch is the ultimate in organics recycling.

We take Darwin's garden clippings and green waste and process and pasteurise it into reusable environmentally friendly garden product that will give your garden a boost.

By using Shoal Bay Mulch's mulch and garden products in your garden you will,

- Inhibit weed germination and growth
- Hold in soil moisture, reducing your gardens water usage by up to 50%
- Moderate soil-temperature fluctuations, reducing plant stresses
- Add welcome nutrition's to your garden
- Promote soil microorganism activity
- Prevent soil compaction, allowing for plant roots to breath and grow
- Control soil erosion or loss during storms
- Give a finished look, improving aesthetic quality to your garden

## Mulch and Garden Products

- Coarse mulch (single grind)
